A LITTLE BIT OF MAGIC AT VANIER COLLEGE

Magicians extraordinaire, Ted and Marion Outerbridge will perform **Magical Moments in Time** at Vanier College, Wednesday, January 31, from noon to 1:30 P.M. in the Vanier Auditorium, Room A103. The performance is free of charge and open to the public.

“It’s a Welcome for new students starting a new session at Vanier in January. We hope Ted’s message of magical moments will spread a little magic on our students’ moment here at Vanier,” says Peggy McCoy, of Vanier Student Services.

Ted & Marion Outerbridge have combined real life experiences with a unique mix of magic, dance, comedy and theatre to create **Magical Moments in Time**, a bewitching and hilarious illusion show that has played to sold-out houses and standing ovations across Canada and in Europe. **Magical Moments in Time** is a reflection of day-to-day life that just about everyone can relate to.

Ted Outerbridge has taught courses on magic and lectured on illusion design. When he is not performing, he devotes much of his time to designing and building his own personal style of high-tech illusions in his loft on the Lachine Canal in Montreal.
